

# Senior Java Web Backend Developer (m/f/d) with potential as a coach

Frankfurt Am Main

Reference Number: 4043

## Your tasks

- As a Senior Java Web Backend Developer (m/w/d) you play a key role in ongoing agile project teams in the banking and financial sector
- Thereby you supervise and steer the software life cycle and identify the necessary tools
- You will also define coding guidelines and best practices and ensure the quality with code reviews
- In addition you constantly expand your technical knowledge in the department

## Your profile

- You have a degree in computer science or a comparable course of study
- Additionally you have professional experience in Web application as well as in Java 8+, JEE, Spring/SpringBoot, JPA and Hibernate
- Furthermore you have relevant knowledge of the development tools Eclipse/IntelliJ, Maven/Graddl, Git as well as in testing (JUnit/TestNG) and software architecture (SOA, REST APIs)
- You are experienced in working with SQL databases, design pattern, coding standards and the methods SCRUM or KANBAN
- Ideally you also have experience in CI/CD, Docker, Kubernetes, Kafka, RabbitMQ, ActiveMQ, MQTT, MongoDB, Cassandra, Redis, Oracle and the common cloud platforms

**In this mission**, you will join a dynamic team with modern spirit. You will contribute for the growth of the structure with the possibility to get involved in:

- Organic growth of the department through technical support in various activities
- Creation of training sessions and material in preparation for mentoring and coaching roles
- Participation in communities of practice and exchange with peers

**We will** support you throughout your career by positioning you in projects that contribute for your development, providing your training and offering you possibilities to grow in the internal structure

## **Our benefits**

- Flat hierarchies
- State-of-the-art IT equipment and office supplies
- Individual continuous training options through the "ALTEN Trainings Center" digital learning platform
- Company pension and supplementary health insurance
- Special leave in exceptional circumstances
- Exclusive employee discounts
- Free beverages in our premises
- Corporate events, such as summer and Christmas parties
